F04

Design raffinato, qualità e funzionalità.  
Il compromesso migliore.

La serie F04, si compone di un insieme di proposte appositamente disegnate per l'esposizione centrale, con la capacità di mettere assieme grandi qualità di design e specifiche funzionalità espositive.

La qualità dei materiali, mette in evidenza il valore di ogni elemento, rendendolo facilmente abbinabile alle serie per parete GIBAM. Tutto ciò rappresenta il compromesso migliore per il completamento di un arredo nell'ambito del retail design.

Refined design, quality and functionality.  
The best compromise.

F04 series is made of a range of solutions all designed to satisfy the need for a standalone display, offering products that are functional and pleasant to see. The quality of the materials enhances every element and is a point of cohesion with Gibam wall units. It is surely a very good compromise when completing a retail furniture system.

# dettagli finemente curati attention to details

Tutti gli elementi che compongono la serie F04, sono caratterizzati dalla medesima cura dei dettagli, che distingue i prodotti delle serie GIBAM.

L'utilizzo di tecnologie all'avanguardia, permette di avere soluzioni funzionali dal punto di vista espositivo, e i materiali di alta qualità ne valorizzano il valore estetico.

Ogni dettaglio è studiato per integrare le gondole all'interno di qualunque spazio, abbinandosi perfettamente con l'arredo a parete.

All the elements of the F04 series are characterised by the same care for details that is normal in every Gibam product. The use of advanced technologies is the key to obtain functional display solutions, whose aesthetic value is enhanced by selected materials. Every detail has been studied so to be armonised within every space, in a definite match with the wall furniture.

## la versatilità al posto giusto versatily solutions in the right place

La serie F04 nasce da un'accurata progettazione. Le strutture su ruote, sono concepite per dare la massima funzionalità nell'esposizione della merce e nel posizionamento all'interno del punto vendita. Infine una ricca varietà di accessori ne completa il panorama di utilizzo, rendendo ogni elemento un oggetto fondamentale all'interno dell'ambiente.

F04 series is the fruit of an accurate planning. Elements on wheels are devised to give the maximum functionality and the possibility to be placed wisely within the point of sale. The wide range of accessories completes their characteristics, thus making every element a fundamental object.

# qualità tutta italiana full Italian quality

La qualità dei prodotti GIBAM rappresenta un elemento distintivo per la serie F04. Il valore di un prodotto interamente Made in Italy, si traduce in un design accattivante, correlato da materiali pregiati e da una progettazione completamente rivolta all'utilizzo del cliente.

The quality of GIBAM products is a distinctive tract for the F04 series. The value of a product 100% Made in Italy is translated into a captivating design, supported by fine materials and by a project that is built on satisfying the customer's expectation.

# Come comporre F04 - versione G22

## How to assemble F04 - G22 version

### LA STRUTTURA

La versione G22 della serie F04 è composta da tre strutture, caratterizzate da pannelli bifacciali con cremagliera verticale e da pannello dogato. I diversi passi utilizzati nei pannelli a cremagliera, permettono di avere grande funzionalità nei vari contesti espositivi e la versione a pannello dogato, garantisce estetica e praticità. Sia che l'esposizione avvenga tramite appoggio su ripiano, o con appeso su gancere e barre, sarà possibile conciliare ordine e massificazione.

### THE STRUCTURE

G22 version of F04 is made of three structures, characterised by two-sided panels equipped with embedded uprights and slatted panel. The various pitches used in embedded upright's panels give great flexibility to the display, while the slat panel's choice guarantees a practical and pleasant result. Order and massification are preserved, no matter if the display is placed on shelves or on hooks or racks.

# Come vestire F04 - versione G22

## How to dress F04 - G22 version

### GLI ACCESSORI STANDARD

A completare la funzionalità delle strutture, è prevista una serie di accessori pensati non solo per essere utili e pratici, ma anche per valorizzare ciò che viene esposto.

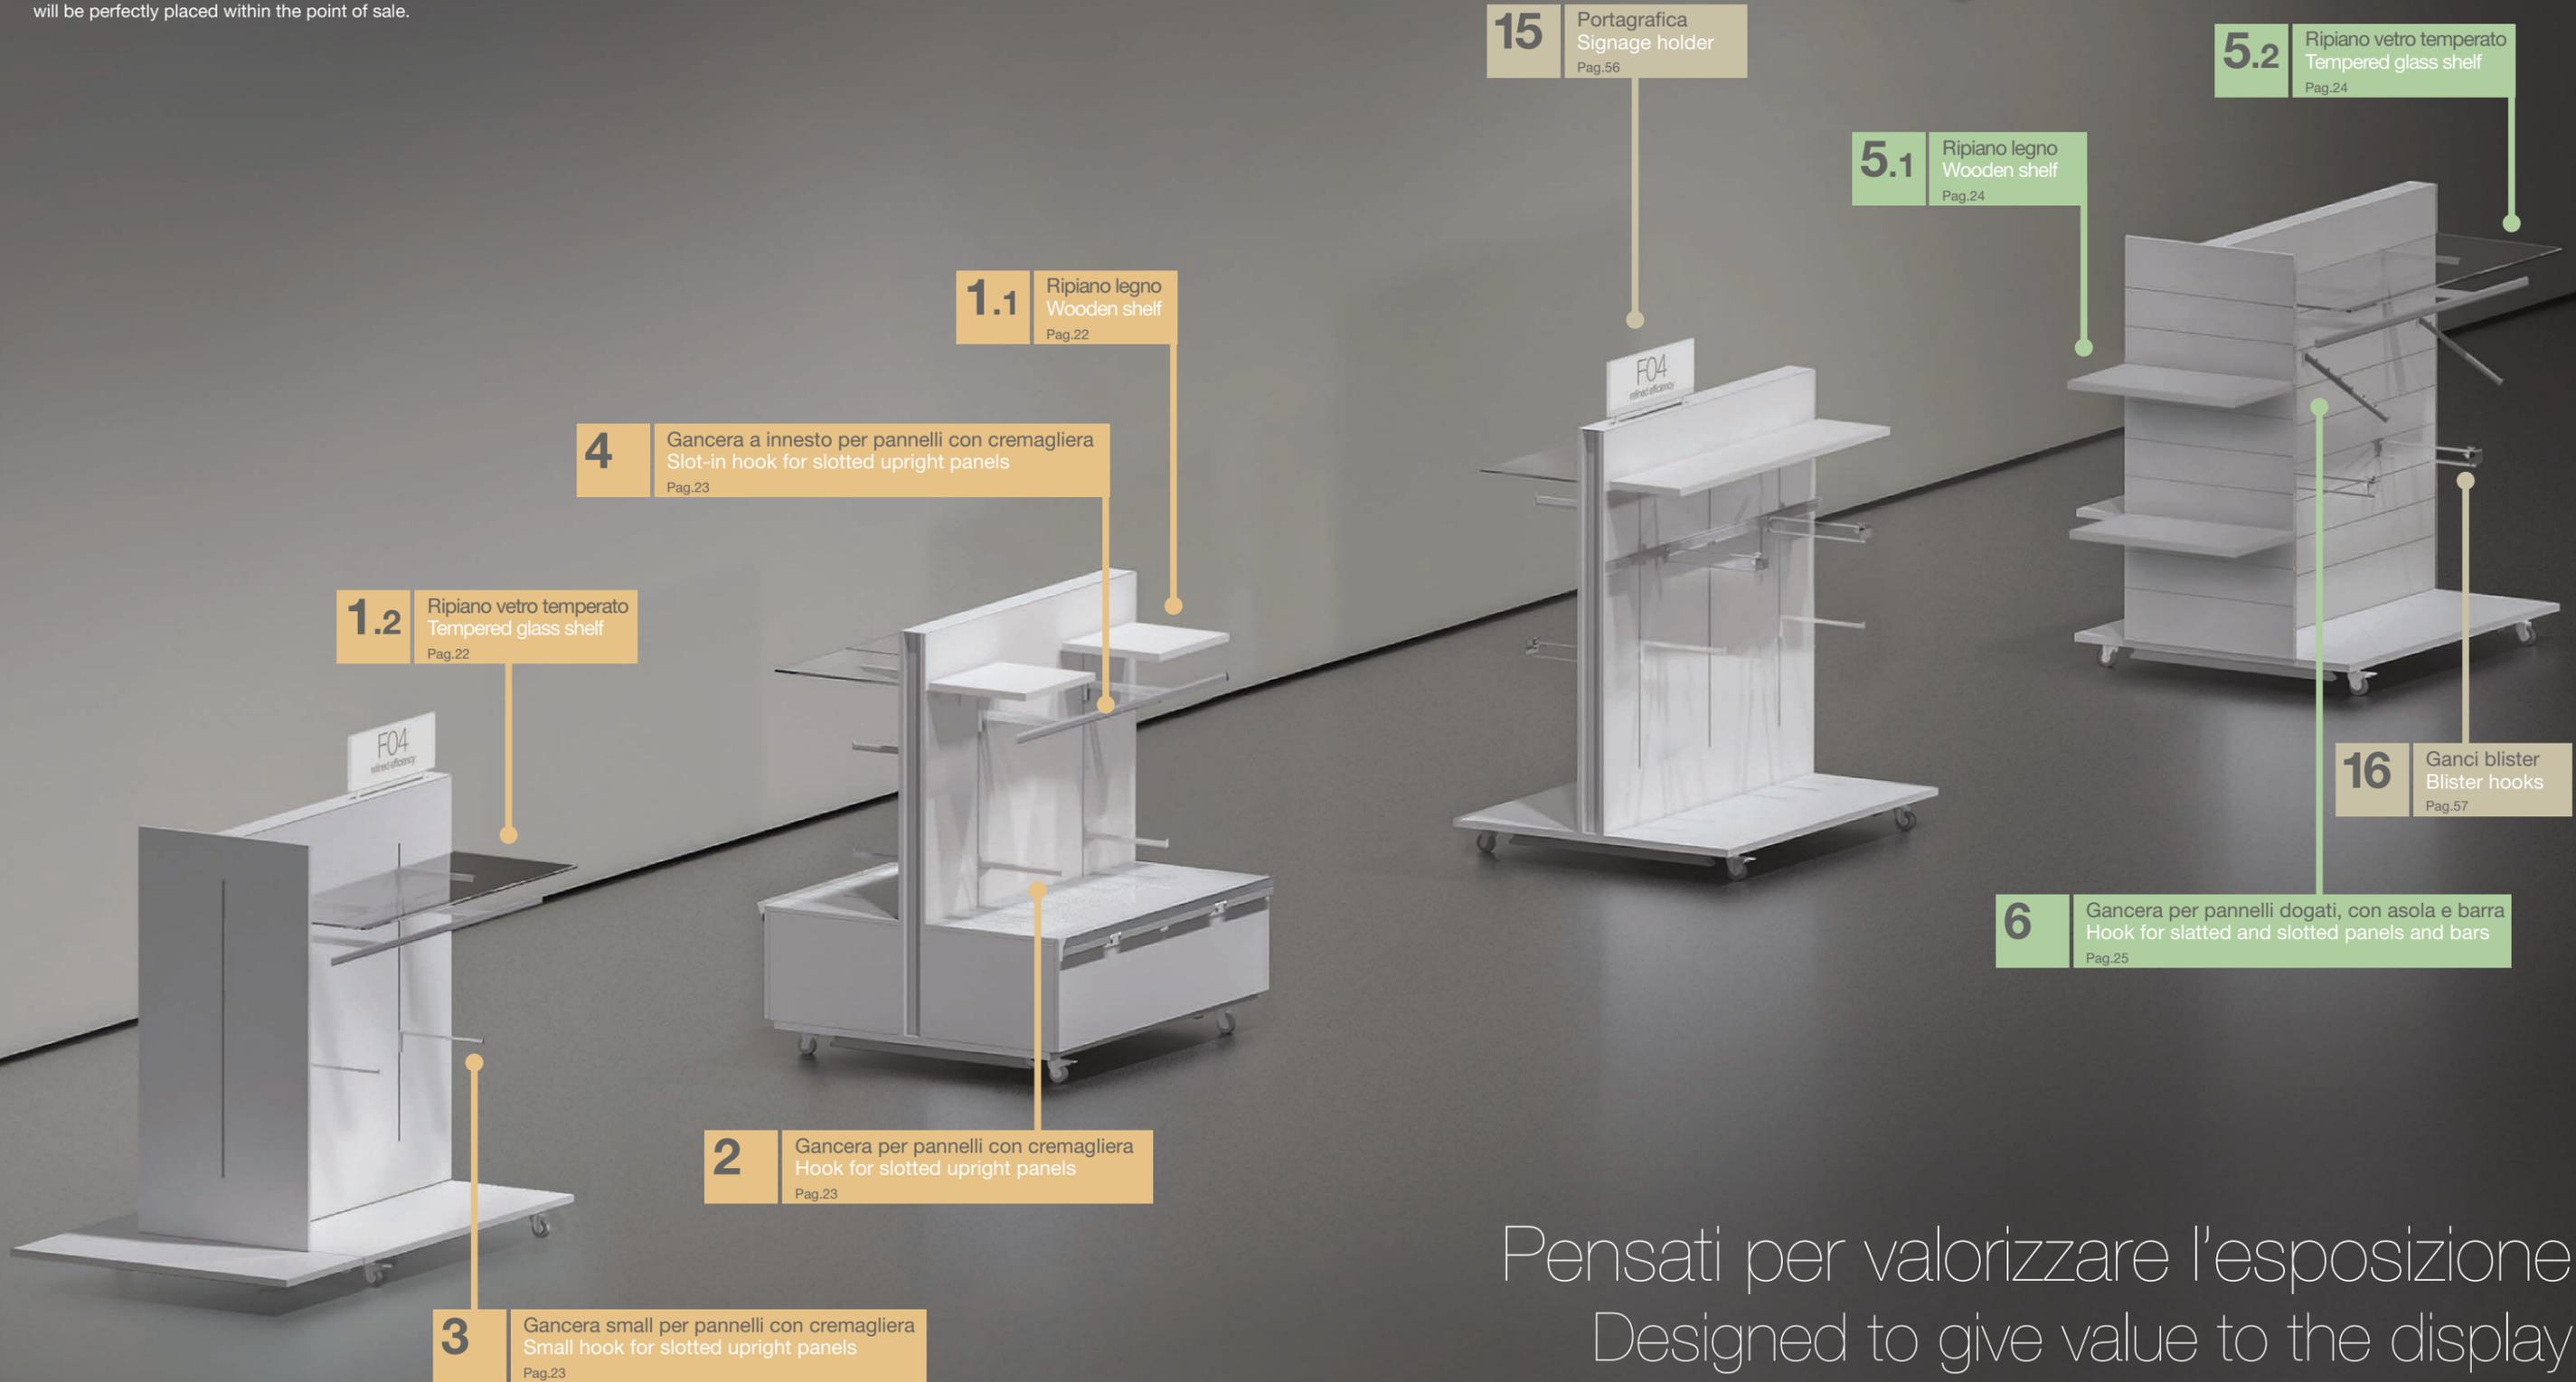

I ripiani in legno e vetro si adattano perfettamente ai passi dei pannelli, abbinandosi alle diverse tipologie di gancere. Tutto ciò che vogliamo esporre si collegherà perfettamente all'interno del nostro spazio di vendita.

### STANDARD ACCESSORIES

The functionality of structures is completed by a series of accessories devised not just to be useful and practical, but also to enhance the products on display.

Wooden or glass shelves are harmonised to the pitches on panels, thus being matched to the various types of hooks. Whatever we want to display will be perfectly placed within the point of sale.

# Come comporre F04 - versione G28

## How to assemble F04 - G28 version

### LA STRUTTURA

La linearità minimale dei pannelli espositivi caratterizza l'aspetto delle strutture F04 in versione G28. L'efficienza e la robustezza di ogni elemento si esprime con la presenza dei montanti laterali appositamente studiati per il fissaggio degli accessori e dai passi di utilizzo adatti a qualsiasi tipo di visual merchandising. Sia che si tratti di soluzioni mobili, sia nella versione fissa, F04 in versione G28 rappresenta un'ottima soluzione per l'arredo di un punto vendita.

### THE STRUCTURE

The minimalistic lines of the display panels characterise the F04 structures in G28 version. The sturdiness and efficiency of every element is epitomised by the side uprights which allow the placing of accessories and pitches suitable to every visual merchandising need. F04 G28 version, in both fixed or movable type, is a perfect solution for every point of sale.

# Come comporre F04 - versione G30

## How to assemble F04 - G30 version

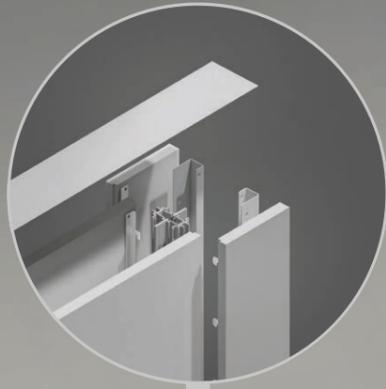

### LA STRUTTURA

La linearità estetica abbinata alla varietà delle strutture che compongono la serie F04 in versione G30, permette di creare ambienti diversi in linea con le proprie esigenze. La modularità degli elementi è garantita da una base comune che si declina su pannelli lisci e dogati con passi di esposizione accuratamente progettati. La solidità della struttura e la qualità dei materiali li rendono arredi indispensabili nel retail design.

### THE STRUCTURE

A straightforward design matched to a variety of structures are the ground on which is based F04 G30 type, a good way to create different environments coherent with one's needs. The modular elements are built on a common base declined on plain and slatted panels whose pitches are accurately defined. Their robust and valuable nature make it an essential element for the point of sale.

# Come vestire F04 - versione G30

## How to dress F04 - G30 version

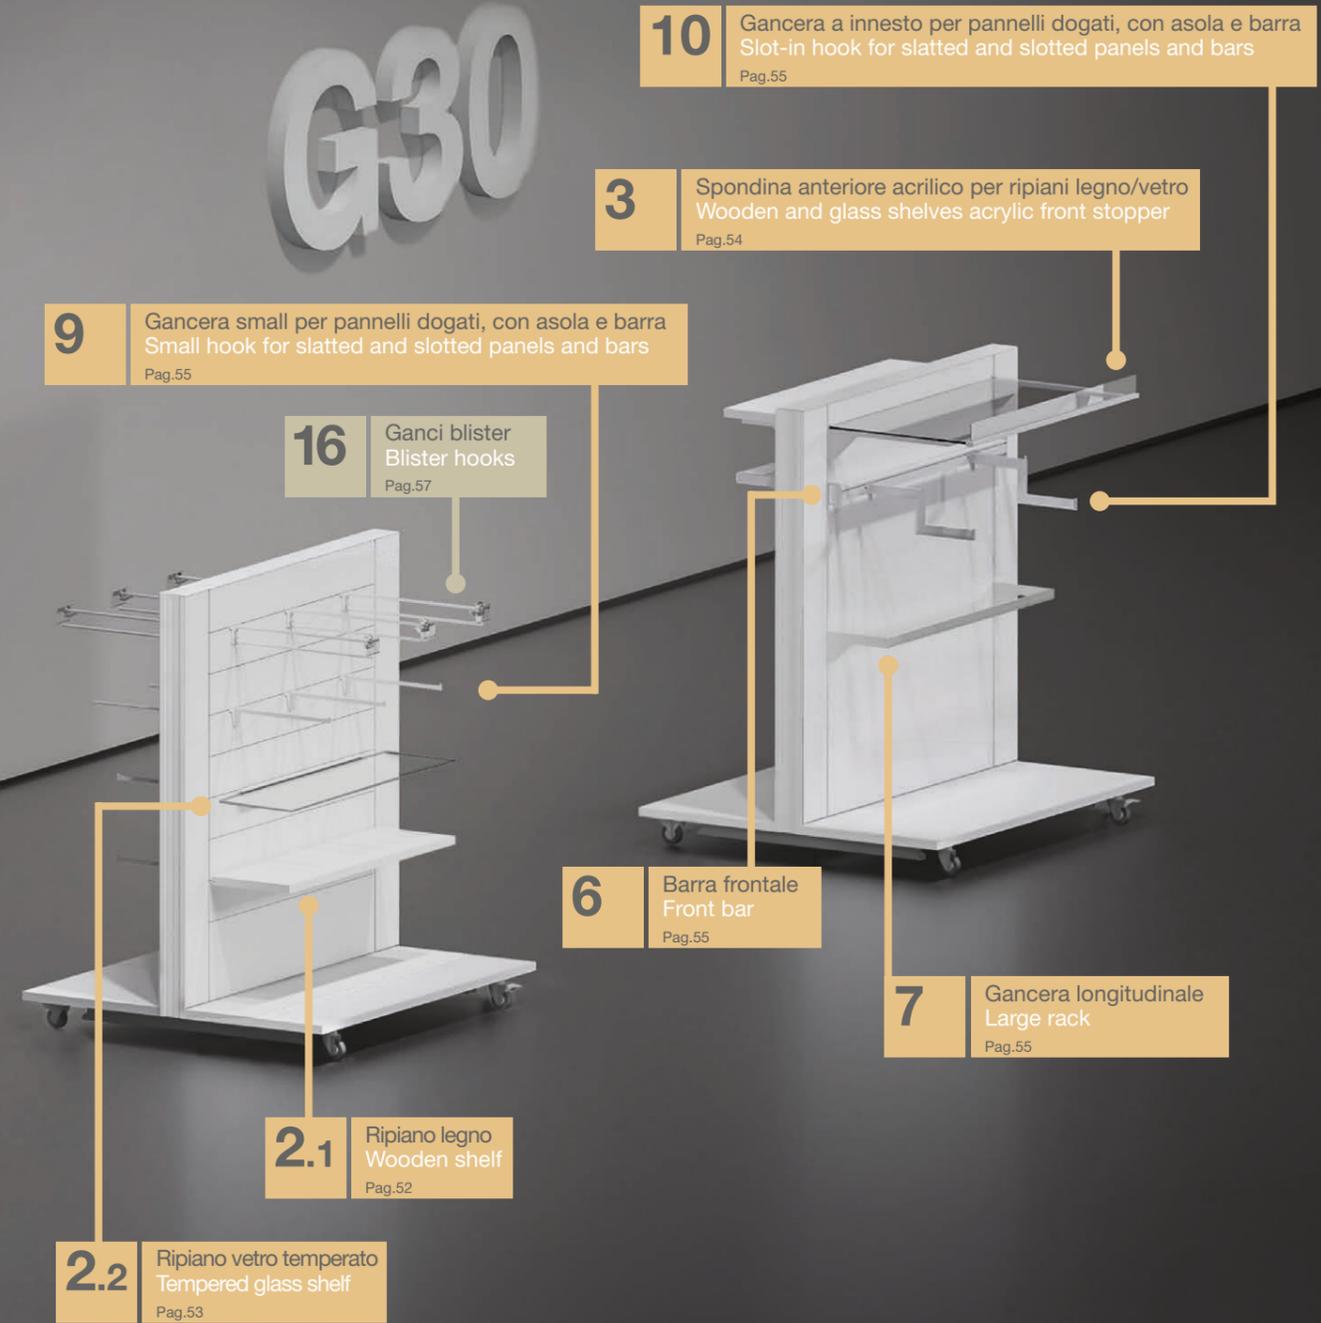

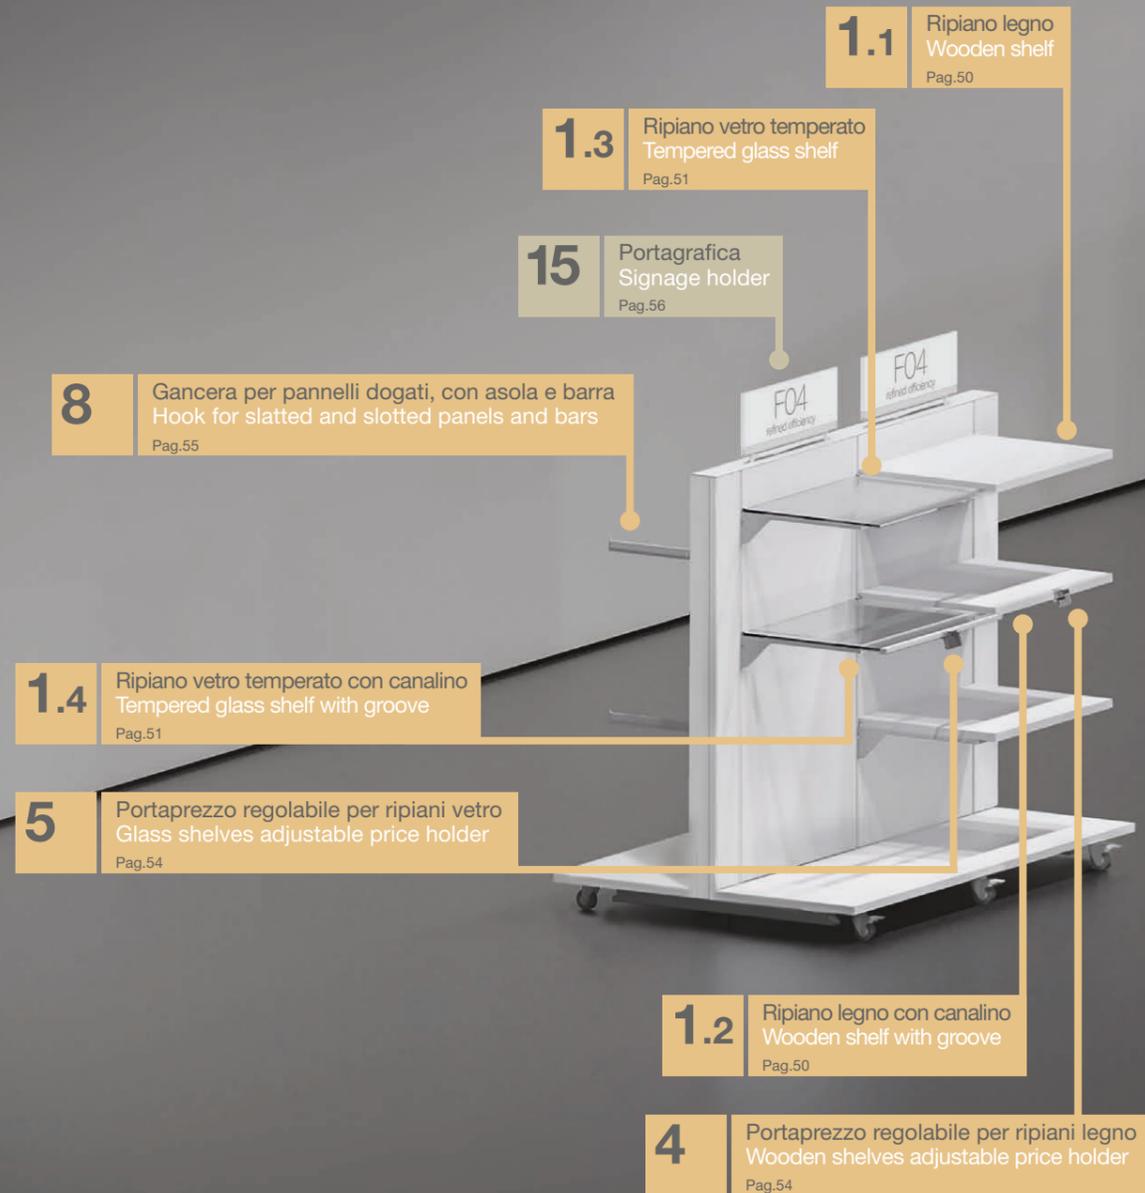

### LA STRUTTURA

L'insieme degli accessori che completano la serie F04 in versione G30, è studiato per creare composizioni espositive versatili e al contempo curate nei minimi dettagli. La possibilità di passare dall'eleganza del vetro, al calore del legno nei ripiani, così come l'utilizzo di blister e gancere specifiche, rendono l'allestimento un'operazione piacevole ed efficace nell'approccio al cliente.

### THE STRUCTURE

The series of accessories that complete F04 G30 is devised to create display compositions versatile and well-planned. The possibility to range from the elegance of glass to the warmth of wood in shelves, as well as to choose between hooks and racks, give the solution to approach the client in the best way.
