è vietata la riproduzione totale o parziale del catalogo  
senza previa autorizzazione di Gibam Shops spa - unipersonale.  
this catalogue cannot be partially or totally reproduced unless  
Gibam Shops spa - unipersonale has granted permission to do so.

Gibam Composit si riserva il diritto di variare a propria discrezione ed in qualsiasi momento, al fine di migliorare il prodotto, i materiali, le finiture e i colori qui rappresentati, anche senza darne preavviso.

La fedeltà di riproduzione dei colori, dei materiali e delle loro finiture è quella resa possibile dai limiti tecnici dei processi fotografici e di stampa, perciò le immagini riportate in questo catalogo potrebbero variare dai campioni originali.

With the aim to improve its products, Gibam Composit has the right to amend in any moment and at his own discretion the materials, the finishes and the colours reproduced in the present catalogue, even without prior notice.

The fidelity of the reproduction of colours, materials and finishes in the present catalogue is that allowed by the limits intrinsic to printing and photographic processes, therefore the images printed will reproduce the real finishes and patterns only up to a certain extent.

## Stile e tendenze

Un bell'oggetto non si distingue solo per il design, ma anche per i materiali di cui è fatto. Gibam Composit offre curati abbinamenti tra finiture e colori, attenti agli stili e alle tendenze del design internazionale.

## Qualità ed affidabilità

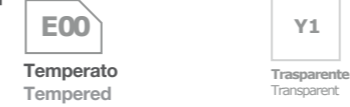

L'alta qualità dei materiali Gibam Composit garantisce la durata dei prodotti anche sottoposti al utilizzo intensivo dei locali commerciali. Il rispetto delle norme, specie in termini di sicurezza ed emissioni, è garantito in tutti i componenti e materiali degli arredi Gibam Composit, per un mondo più sostenibile.

## Styles and trends

A beautiful object stands out not only for its design, but also for the materials that uses. Gibam Composit offers a fine matching of finishes and colours, with an eye to the styles and trends of international design.

## Quality and reliability

The high quality of Gibam Composit materials guarantees the durability of its products, even when subject to the intensive use of commercial environments. The respect for regulations, especially those concerning safety and emissions, is guaranteed in all components and materials used to produce Gibam Composit lines, for more sustainability.
