M18.03

La qualità ricercata di atmosfere calde ed accoglienti

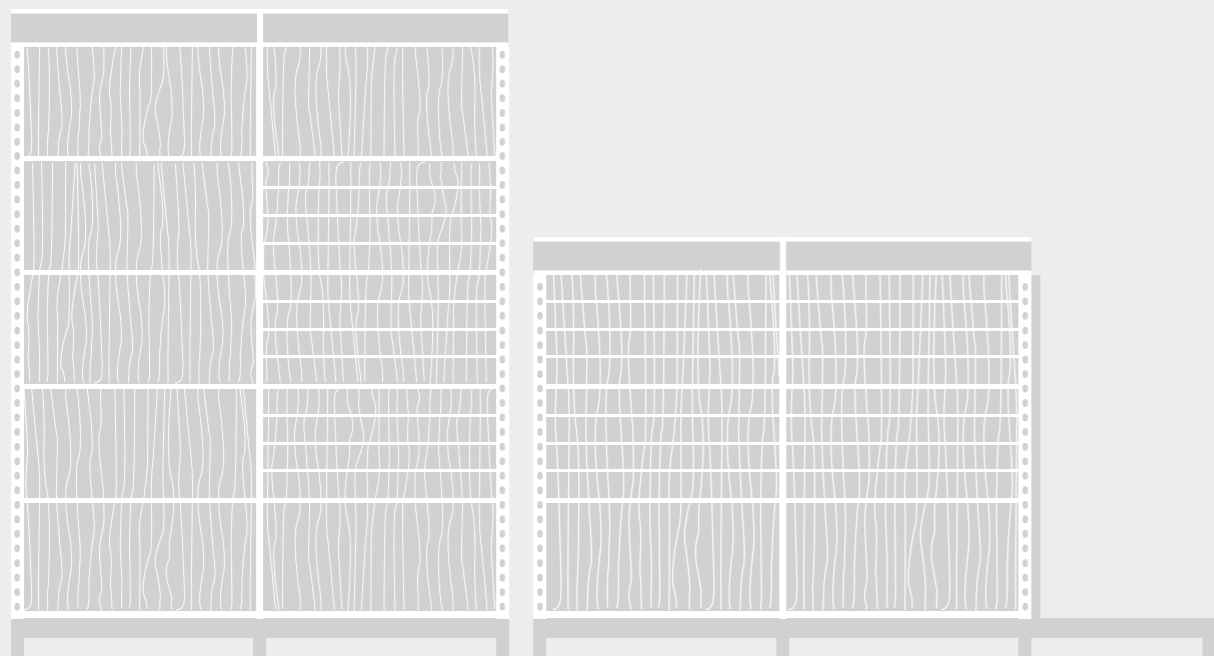

Il miglior risultato che si può ottenere nella realizzazione di punti vendita, sta nel ricreare ambienti dall'**atmosfera accogliente** che siano capaci di **coinvolgere il cliente** nell'esperienza di acquisto.

M18.03, grazie ai **materiali dalle finiture ricercate** e alle **grandi doti espositive**, permette di creare soluzioni che vanno ben oltre le normali aspettative.

The sought-after quality of warm and welcoming atmospheres

The best result one can obtain when creating a point of sale is in the shaping of environments whose **welcoming atmosphere** can **engage the client** during the purchasing experience.

M18.03, characterised by **refined finishes** and **great display capacity**, allows to create solutions that give much more than the average.

creato dalla nostra esperienza created by our experience

M18.03 racchiude in un unico sistema, tutte le migliori qualità di un prodotto pensato per l'allestimento di spazi espositivi dal carattere professionale.

La ricercata natura di ogni singolo dettaglio, mette in evidenza le doti di un prodotto dell'eccellenza italiana, nato dalla nostra esperienza e dalla passione che ci caratterizza da oltre 40 anni.

M18.03 encases into one system all the best qualities of a product devised to create professional display environments.

The refined nature of every detail puts into evidence the peculiarities of a product of Italian excellence, born from our experience and from the passion that characterises us since over 40 years.

una scenografia espositiva a display scenography

L'atmosfera intensa, ricreata dalla qualità degli spazi espositivi di M18.03, conferisce all'esperienza di acquisto un nuovo punto di vista e una maggiore importanza. La parete espositiva, si trasforma in una scenografia capace di emozionare l'utente con ricercate essenze del legno, vetri dalle raffinate trasparenze, e una completa gamma di colori perfettamente studiati per completare le composizioni. Tutti gli accessori sono studiati per dare risposta alle più complesse esigenze di visual merchandising rendendo M18.03 un prodotto adatto a molteplici categorie merceologiche.

The intense atmosphere created by the quality of the display spaces made with M18.03, confers to the purchasing quality a new perspective and a greater importance. The wall display is transformed into a scenography that conveys a feeling to the client, thanks to refined wood finishes, glasses, and a colour palette that matches all compositions. The accessories are devised to be an answer to the most complex visual merchandising needs, thus making of M18.03 a product suitable to many product categories.

estetica funzionale functional aesthetics

Le qualità espositive della linea M18.03, sono facilmente percepibili già dal primo impatto estetico all'interno dell'ambiente.

La struttura, così come gli accessori, nascono da un design ricercato, che ha lo scopo di valorizzare il prodotto e l'esposizione. L'eleganza ordinata delle composizioni è di facile approccio al cliente, ma allo stesso tempo conserva grandi doti di funzionalità e di adattabilità, necessarie per l'operatore.

The display features of M18.03 are easily perceived at first sight. Its structure as well as its accessories are the result of a refined design effort, aimed at giving extra value to the product and the display.

The well-ordained elegance of its compositions is easily approached by the client, yet it preserves a great functionality and adjustability, as the operator needs.

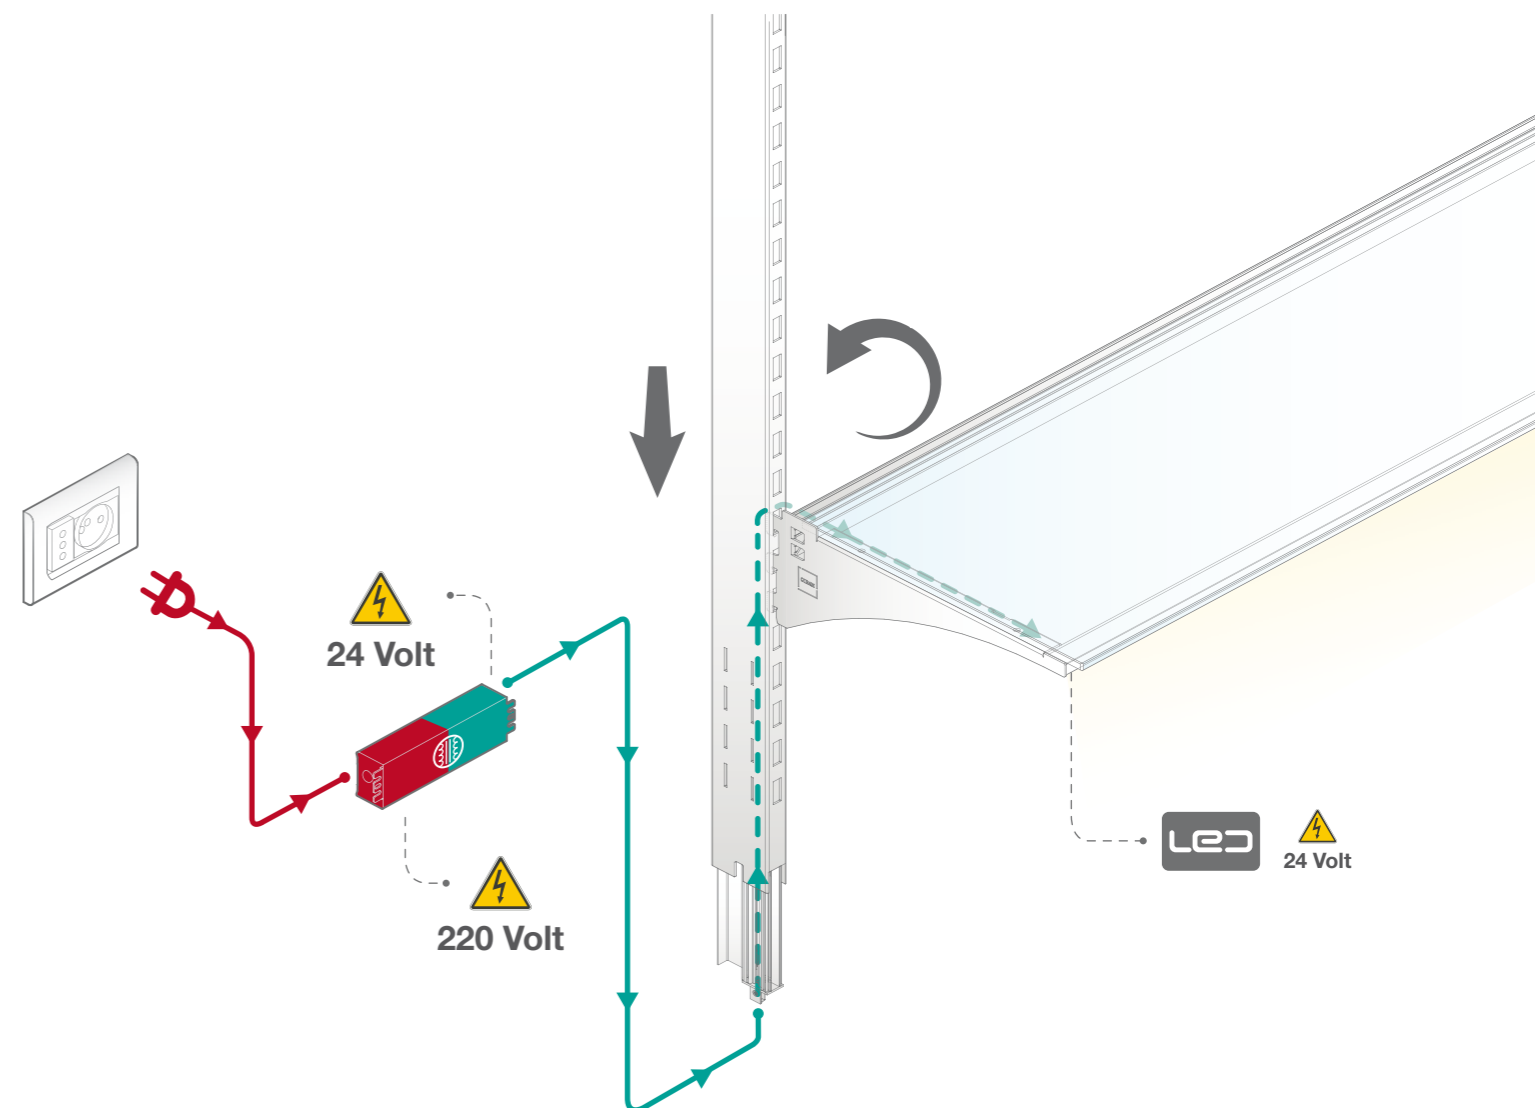

accessori luminosi pratici e raffinati practical and refined accessories with light

La struttura di M18.03 è studiata per abbinarsi ai profili elettrificati, che permettono di alimentare tutti gli accessori luminosi presenti nella serie. La luce resta perfettamente integrata nei ripiani in legno e in vetro, mantenendo il design funzionale, pulito e coerente.

La capacità di valorizzare l'esposizione dei prodotti e di creare piacevoli effetti di ambientazione, sono una caratteristica fondamentale nella realizzazione di punti vendita di elevato livello professionale.

The structure of M18.03 includes electrified profiles, making possible to use accessories with embedded light fixtures. The light fixtures are thus part of wood and glass shelves, so to keep the design functional, clean and coherent. The capacity to enhance the product's display and to create pleasant environment effects is a basic characteristics of the creation of highly professional points of sale.

M18

Mobiletti di stoccaggio capienti e pratici per l'appoggio
Storage cabinets capacious and practical also as a surface

Le composizioni centrali aumentano la possibilità di esposizione e massificazione dei prodotti

Self-standing furniture gives more space to the display

I ripiani luminosi mettono in evidenza i prodotti e attirano il cliente

Shelves with light give evidence to the products and attract the clients

LA STRUTTURA

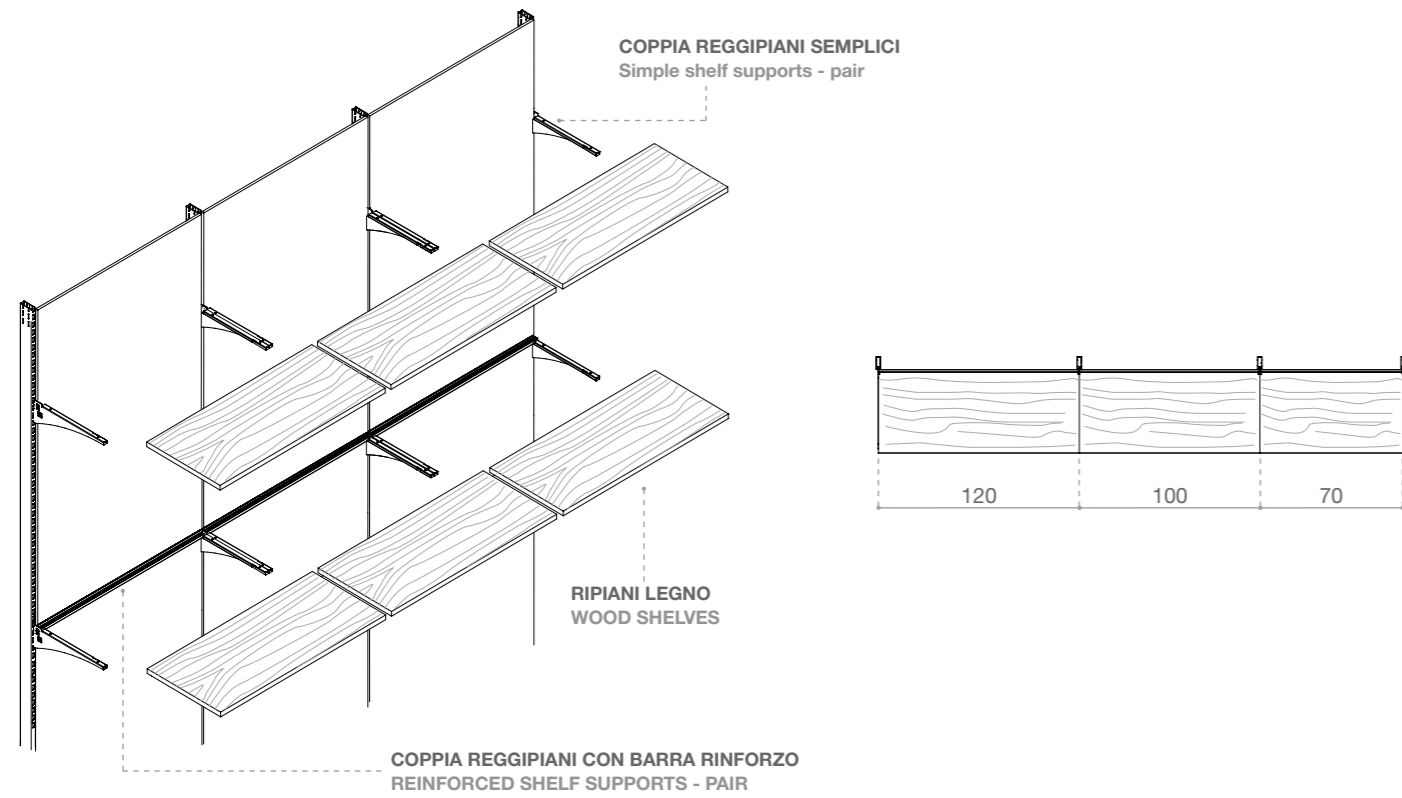

M18.03 è una serie realizzata da elementi montanti, sui quali si fissano, in modo continuo, tutti le parti che compongono la struttura. La modularità di questo prodotto, lo rende un sistema versatile, che ha la possibilità di creare sia composizioni da parete che elementi centrali, adattandosi perfettamente all'ambiente e alla tipologia di offerta merceologica.

THE STRUCTURE

M18.03 is a series construed on uprights, onto which are fixed in a continuous way all the other elements of its structure. The modularity of this product is at the core of its versatility, with which one can create wall compositions as well as gondolas, thus being perfectly adjustable to the environment and to the merchandise category.

GLI ACCESSORI STANDARD

La **versatilità** che sta alla base della serie M18.03, si esprime grazie alla gamma completa di accessori appositamente studiati per le **molteplici composizioni** che si possono realizzare. Ogni elemento è studiato per avere una **precisa funzione**, e per integrarsi perfettamente con la struttura creando un **unico ed efficace ambiente espositivo**.

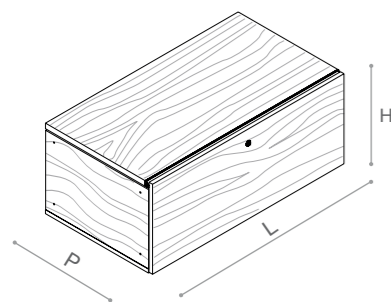

STANDARD ACCESSORIES

The **versatility** at the base of M18.03 series is expressed also into a range of accessories devised for the **various kinds of compositions** one can make. Every element is created to have a **precise function**, and to be integrated with the structure thus giving a **unique and effective display environment**.
